

The diagram illustrates the conversion between feet and metres. The top scale is labeled 'Feet' and has markings at 200, 0, 500, and 1000. The bottom scale is labeled 'Metres' and has markings at 100, 50, 0, 100, 200, 300, and 400. A horizontal line connects the two scales, showing that 1000 feet is equivalent to 300 metres.
