

The diagram illustrates the conversion between feet and metres. The top line represents distance in feet, with markings at 200, 0, 500, and 1000. The bottom line represents distance in metres, with markings at 100, 50, 0, 100, 200, 300, and 400. Vertical tick marks connect the two lines at corresponding distances: 200 feet corresponds to 100 metres, 0 feet corresponds to 0 metres, 500 feet corresponds to 200 metres, and 1000 feet corresponds to 400 metres.
